

April 19, 1944

To the Members of the Faculty of the School of Education:

Pi Lambda Theta is interested in obtaining the names of the girls who are doing outstanding work in the fundamental courses in education and who, in the opinion of their instructors, will prove to be excellent teachers. Will you please list below the names of the girls you have had in class either this semester or last who in your opinion, meet these requirements?

Since an election has already been held for those girls eligible for membership in Pi Lambda Theta from this spring's graduating class, girls whose names appear here will probably be juniors with one semester or two semesters work yet to do. It is the hope of the members of Pi Lambda Theta that by selecting for membership those girls who early show promise in the field of education to aid the organization and to fulfill its purposes of providing opportunities for professional growth for its members.

If possible, we would like to have your suggestions by Friday, April 28. Will you please return your list to the Education Office, 103 Fraser by then. We thank you for your cooperation and shall appreciate any suggestions you care to make.

Thank you ,

Martha Peterson  
President, Gamma Chapter
