

September 15, 1939.

To the Committee on Administration of University
Teacher's Diploma:

Dear Sirs:

1029/6
I have provisionally approved the applications of
Placida Koelzer and Victory Hawkey for permission to
do practice teaching in Physical Education. I recom-
mend that these persons be given consideration by
your committee, as I believe their grade point average
will be raised by the end of the semester.

Chester Hynes, a colored boy, has also made application
for permission to do practice teaching. He has had a
rather difficult time, and I have provisionally approved
his application, and recommend that your committee give
his case special consideration.

Respectfully submitted,

FCA:AH
