

Dec. 16, 1940

Dr. Allen:

I called Mr. Hitt about the Babcock boy and this is what he reports::

Mrs. Babcock wrote the Registrar's office and asked to be notified from time to time how her son, Philip, was getting along. At midsemester Mr. Hitt wrote her and stated that Philip was low in some of his courses. Mrs. Babcock immediately wired Philip and Mr. Hitt today received a letter from her.

Mr. Hitt feels that the more people there are working with the boy, the more he can be helped, and he feels that perhaps you can help quite a bit.

Mr. Hitt said he would like to talk to you and perhaps give you some background before you talk to ~~Tom~~ P. Phil.
