I have charge of the Library & Newspaper Staffs an hour each morning. after that. we have free time. This morning in free time, I ventured over to the skiing & tobogganing area. Had no conflicts with the toboggans, but the skiis didnit seem to be in favor of my technique. They bucked worse than the panties, consequently I practically wiped the snow off the hill as I slid along - If I try many more antics, I'll be standing up for my meals soon.

I have charge of parties & ~~evening~~ programs in the evening. The kids we have out here are all very willing to do their part so we dont have to do a lot.

Work at school has been progressing as well as could be expected under such circumstances. I've been asked to come back next year for a $200.00 raise; however if a college job comes my way & is what I want, needless to say, Lakeview will be hunting a new P. E. teacher.

As soon as I return from camp, I'll start working desperately on dances for the operetta. It's to be given Apr. 3, & my substitutes who are N.Y.A. girls who graduated from H.S. last year are not able to teach the dances. Whether or not I can teach 13 dances & have them polished by Apr 3 remains to be seen. Mr. Hazel thinks I can. I'm glad someone has confidence in me.
