P. S.

There has been a thought in the back of my mind for quite some time that we should rehabilitate Potter's Lake. With a touch of landscaping and grading and sanding of the beach Potter's Lake could be made an enviable retreat.

At a later time a larger expenditure would make that a thing of beauty and of joy for the young people in the summer with possible skating facilities in the winter. It is possible that we could even prepare this for the summer if we had a small budget.
