TO THE MEMBERS OF THE EDUCATION FACULTY:

Please find attached herewith a copy of the new certification requirements which have been approved by the State Board of Education. Please note that the Board proposes to issue a wholly new series of certificates, which will largely replace those currently issued.

Since this new development raises the question of desirable amplifications of offerings here at the University at some near future date and since members of the staff are frequently asked for information concerning certification practice in this state, you are most earnestly asked to familiarize yourself with the new procedure as well as the old.

This will enable us to discuss more intelligently the future policy of the School of Education.

Sincerely yours,
