University of Kansas.

Dear Dean Schwegler:

I am very happy to receive your communication of the 13th instant informing me that you are ordering for the library one copy of Williams, J. F., Personal Hygiene, sixth edition.

Mr. Knight Prophett, the traveling representative of Thomas Nelson and Sons, New York, dropped in to see me yesterday afternoon for a short visit. It so happened that we had a basketball game last night with Baker, so my afternoon was partially free, and I could see Mr. Prophett.

Very sincerely yours,
