SIGNED

MR. Rich

June 8, 1938.

Professor F. O. Russell,
Oread Training School,
University of Kansas.

Dear Professor Russell:

In reply to your favor of June first inquiring about Jean Sheppard, I am very happy to say that I know her and her family well. She is the daughter of Dr. and Mrs. John K. Woodhull. Dr. Woodhull's office is above Brinkman's Bakery.

I am very happy to state that Jean has a very high rating both as a cooperative student, and she is a fine little girl. She has excellent home training, and I do not hesitate to recommend her without reservation or evasion. In my opinion her scholarship and character are highly satisfactory.

Very cordially yours,

FCA:AH

Director of Physical Education,
Varsity Basketball Coach.

Mr. Forrest C. Allen
801 Louisiana
Lawrence, Kansas

Dear Mr. Allen:

Jean Sheppard is making application for a place as a student in our University High School. She has given us your name as one to whom we may write for character reference. We shall be pleased to hear from you concerning her dependability and home environment. If for any reason she should not be enrolled, we should be pleased to have you tell us.

This student has made a very good appearance in our office, and we shall complete her enrollment for regular work this next year, providing her scholarship and character references are satisfactory. Any help you will give us will be greatly appreciated and will be kept as confidential material.

Yours very truly,

F. O. Russell
F. O. Russell, Director

Dean Raymond A. Schwegler,
School of Education,
University of Kansas.

Dear Dean Schwegler:

Dr. Lapp desires to use the Rogers Strength Index charts in his course in Tests and Measurements this summer. There are five charts, which cost 90¢ each.

Inasmuch as our department has no funds for maintenance during the summer, I am wondering if this purchase could be made through your office.

I am enclosing a letter from the Langston Company quoting the price on these charts.

Sincerely yours,

Director of Physical Education.

Dr. F. C. Allen
Physical Education Department

My dear Dr. Allen:

Early in April Julio Bond found it necessary to withdraw from all of his classes to go to work so that he could return to the University next year. During the past month we have been attempting to get in touch with him to learn what his intentions were, and he has just advised us.

If it is within the realm of possibility for you to grant Mr. Bond an honorable withdrawal in 37 First Aid we shall be happy to have you do so. Please advise us on the attached slip.

Sincerely yours,

Raymond A. Schwegler

OFFICE OF THE DEAN

April 6, 1938

Dr. F. C. Allen, Director
Physical Education Department

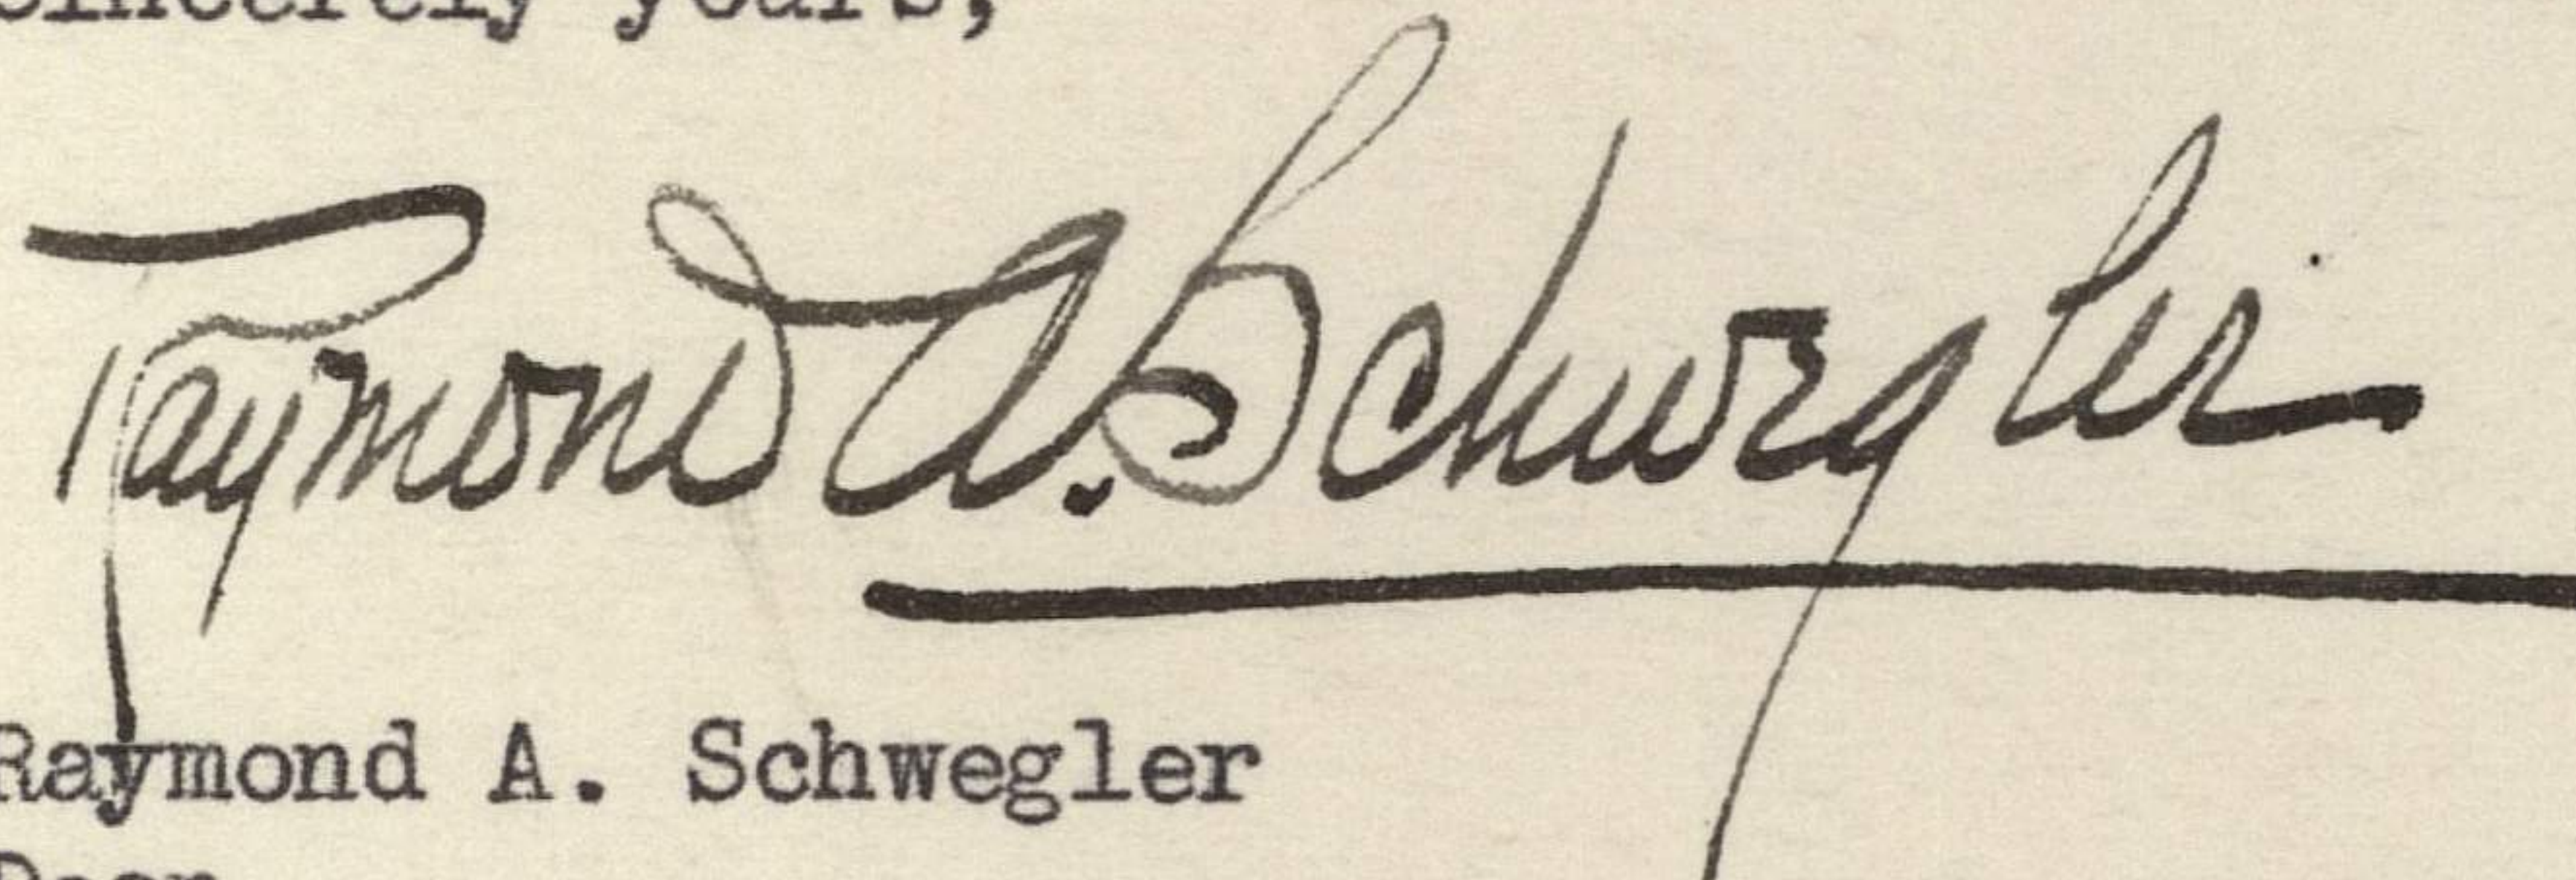

My dear Dr. Allen:

Mr. Sisson advises me that a new course in the Department of English called Literary Masters, covering the high points in literature and including some contemporary writers, will be offered next year. This course will not be open to anyone who has credit for Literature 10 or 11.

It was my thought that this course might be of more interest to our majors in the Department of Physical Education than the work which is now recommended. If after examining the content of the course you feel that such is the case, you might conceivably call this to the attention of your advisers in physical education with the suggestion that Literary Masters, when offered, might meet the English Literature requirement in our curriculum.

Some students with whom we have talked feel that Personal Health, coming as it does in the first semester of the freshman year, puts them at a disadvantage. They feel that a course in physiology either preceding or accompanying that course might enable them to do better work in Personal Health. I give you this suggestion for whatever you may feel it is worth.

Sincerely yours,

Raymond A. Schwegler
Dean

MR:DM

April 11, 1938.

Dean R. A. Schwogler,
School of Education,
University of Kansas.

Dear Dean Schwogler:

At the suggestion of Miss Hoover, I am sending herewith a statement of the expense of a student pianist to play for the Oread Training School physical Education classes. We paid the pianist at the rate of 35¢ an hour. It is my understanding that our department is to be reimbursed from Oread Training School funds.

Sincerely yours,

Director of Physical Education.

March 24th, 1938

Dr. F. C. Allen,
Director, Dept. of Physical Education,
University of Kansas,
Lawrence, Kansas.

Dear Dr. Allen;

This is to verify my conversation with you on March 7th, regarding my request for resignation as instructor in the Department of Physical Education, effective April 1st.

Let me express to you my sincere appreciation for all that you have done for me, your enthusiasm and encouragement, and because of the pleasant relationships, I somewhat reluctantly leave the department. However, in view of the fact that I will be associated with my father in business, I feel that my future is somewhat brighter.

I sincerely hope that you will be able to continue building the department as well as Big Six Championship basketball teams, and am sure that both will be accomplished under your leadership.

On behalf of Mrs. Plumley, let me say that she has enjoyed her few associations with you and Mrs. Allen very much, and we both wish you continued success and happiness.

Yours very truly,

Jay A. Plumley

Dean R. A. Schwegler,
School of Education,
University of Kansas.

Dear Dean Schwegler:

I have just checked up with Mr. Elbel regarding the Senate meeting, and found that as an assistant professor he is not a member of the Senate.

I would be willing to recommend that Mr. Elbel have an increase in rank. This would enable him to attend the Senate meetings. Of course, I would want to talk to you about this matter, as I assure you whatever your feeling would be in the matter would have much to do with what I would say about such a thing.

Very cordially yours,

FCA:AH

February 5, 1938.

Dean R. A. Schwegler,
School of Education,
University of Kansas.

Dear Dean Schwegler:

We are making plans for our courses to be offered in the Summer School, and Dr. Lapp finds that he will need a piece of apparatus for his course in Tests and Measurements. This is a Manuometer, or Grip Dynamometer, which is listed by the Narragansett Machine Company, of Providence, R. I., at \$20.00 less 25% discount.

I am wondering if there is an appropriation for scientific equipment in the Summer School budget which would cover this item.

Sincerely yours,

Director of Physical Education.

Dean

RAS:DM

THE UNIVERSITY OF KANSAS
SCHOOL OF EDUCATION
LAWRENCE

OFFICE OF THE DEAN

March 4, 1938

My dear Colleague:

The Department of Education has collected a number of tests in educational and mental measurements which have been assembled under the following twelve major heads:

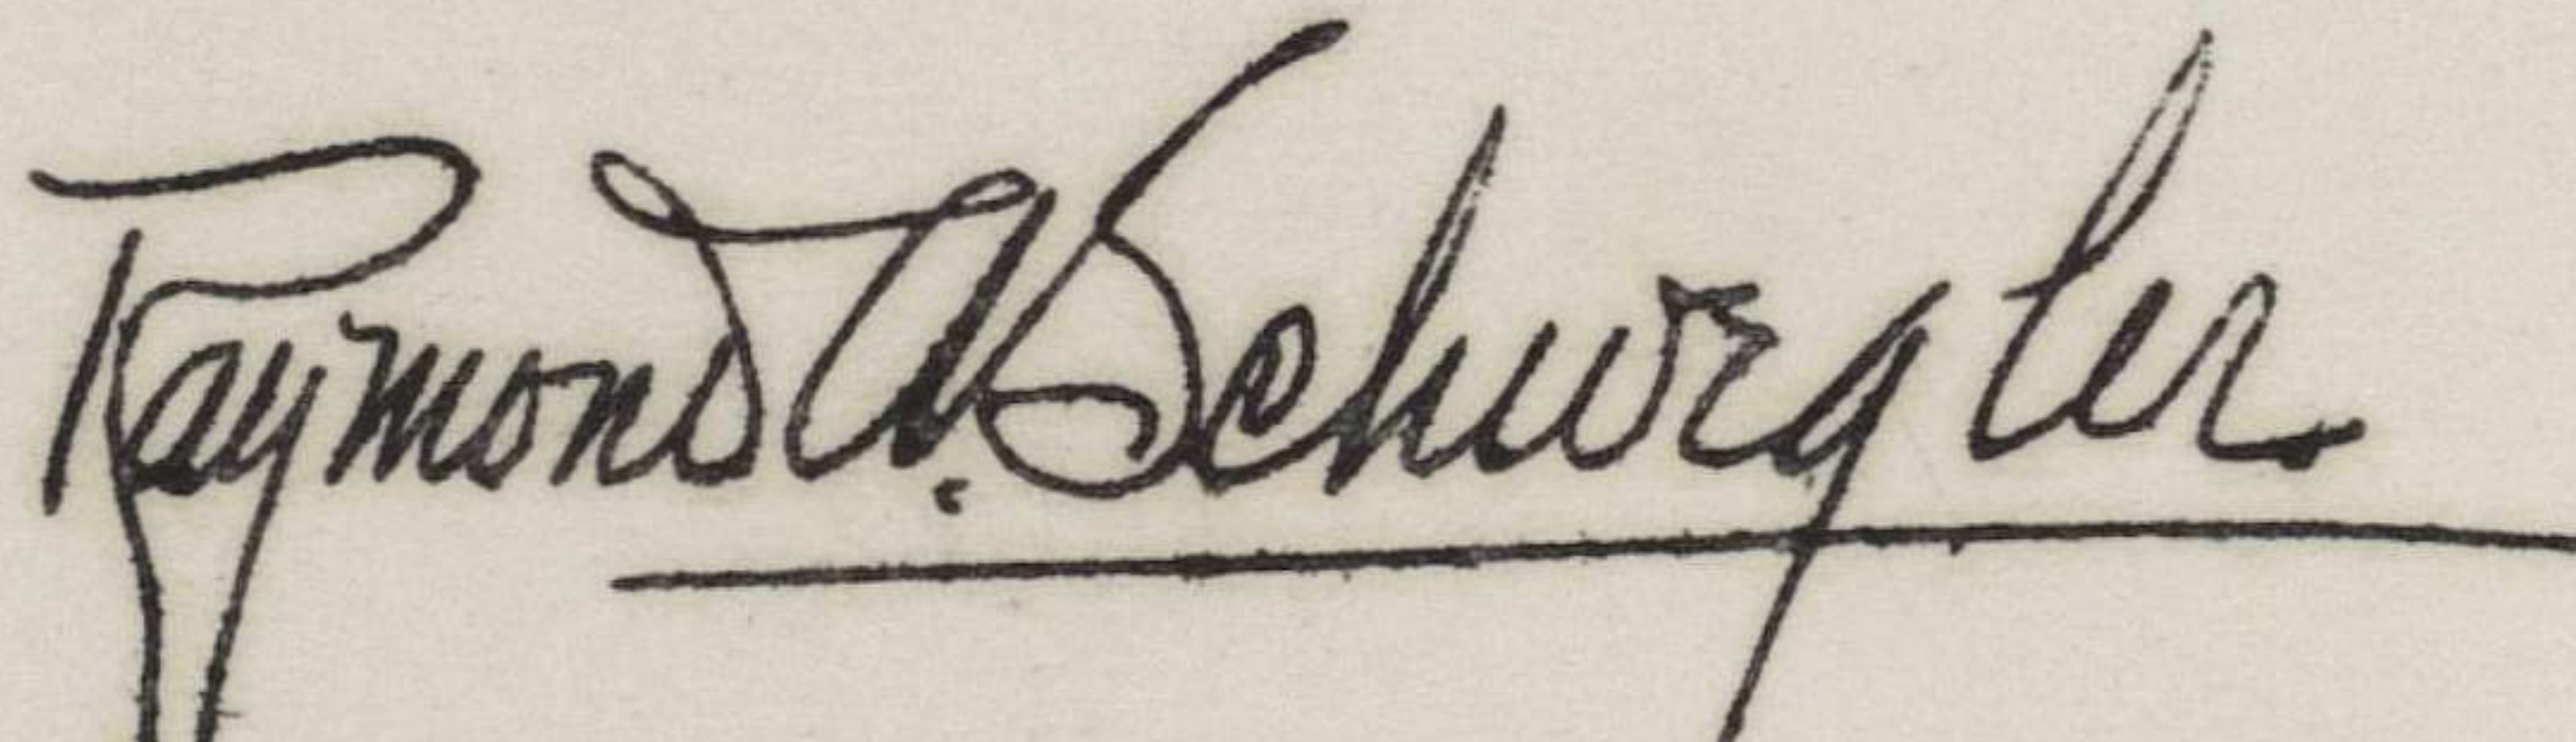

Algebra and Geometry (and Trigonometry)
Aptitude and Character Tests
Arithmetic
Foreign Language
Geography, Handwriting, Language, and Spelling
General Achievement
History and Social Science
Intelligence Tests
Literature and Composition
Miscellaneous (Commercial, Health, Home Economics,
Mechanical Drawing, and Music)
Reading and Vocabulary
Science

These volumes constitute part of a permanent collection of test materials and because of the risks of damage and loss involved by use outside of the Library, we are asking the library authorities not to permit the removal of any one of these volumes from that building.

If Education instructors find it desirable to use any portion of the material contained in these volumes in connection with their class activities, we shall be glad to provide supplementary copies in such number and of whatever parts of this material may be desired, in that way eliminating the necessity of removing these volumes from the Library.

We shall be glad to have you make such personal use of this material as your interests dictate. Of course, we shall be more than happy to have you refer students to this rather unusually complete collection of test materials in current use.

Sincerely yours,

Raymond A. Schwegler
Dean
