Mr. Marion Mackey Manderson
Perry, Kansas

My dear Mr. Manderson:

We have checked over your record for the spring semester, 1938, and find that unfortunately you failed in 91 per cent of your work. Inasmuch as you had failed in 100 per cent of your work during the fall semester, this automatically withdraws you from the School of Education.

I am sorry that we were not able to provide you with instruction of a sort to catch your interest.

Sincerely yours,

Raymond A. Schwegler
Dean
