Professor J. W. Twente,
School of Education,
University of Kansas.

Dear Dr. Twente:

I wish to congratulate you on the splendid program of the State Educational Summer Conference. I feel that you and your committee have done a great service to the cause of Physical Education in choosing the general topic of "Physical Education and Recreation in the Public Schools".

I have heard very many enthusiastic comments about the whole program. One person remarked to me that he just didn't think it could be done, and was amazed at the interest displayed.

With best wishes, I am

Very sincerely yours,
