

September 30, 1938.

Dean R. A. Schwegler,
School of Education.

Dear Dean Schwegler:

I am enclosing a letter which I have just written to Chancellor Lindley. This was a thought that occurred to me that might help you in your project. I thought you might also wish to contact the Chancellor about this scheme.

I want you to know that Wednesday morning I took the Chancellor down to the intramural field and he seemed greatly pleased at the great length we had spread the students' intramural money. In the next few days or a week we will have that play field looking grand down there. I want you to look it over at your convenience.

Yesterday morning I took Professor W. W. Davis down to look it over, and in the afternoon Blaine Grimes, president of the Men's Student Council, accompanied me to the spot. They are all intensely pleased at the progress we are making for an enlargement of the student play facilities.

Thank you very much for your possible solution of silencing criticisms. I heartily agree that this is a very good plan, and if you will ask it I am sure it will be productive of great good. Thank you very much.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
