

September 22, 1938.

Dean Raymond A. Schwegler,
School of Education,
University of Kansas.

Dear Dean Schwegler:

I made an appointment with the Chancellor this morning and showed him the decorations in the swimming pool and so forth.

The Chancellor was not long in observing that the broken tile in the pool was not only unsightly, but unhealthy. He made the observation that the broken tile should be replaced. I mentioned the fact that if all of it were replaced that it would be a very expensive item for an old, dilapidated pool, such as this.

I am just passing this on for your information.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
