Dean R. A. Schwegler,
School of Education.

Dear Dean Schwegler:

I am enclosing the revised material for a report of the Department of Physical Education in the Biennial Report. This has been cut down to one page, as you requested.

If you will notice in the last Biennial Report, the Division of Physical Education and Intercollegiate Athletics was given three printed pages, - 91, 92 and 93. Since the Department of Physical Education is separate from Intercollegiate Athletics it would seem to me that we would be entitled to at least one page in this Report. The School of Law has nine pages, and the School of Fine Arts, a somewhat larger school, has six pages.

It seems to me, also, that a statement of the reorganization of this department and the establishment of the new four-year curriculum with a major in Physical Education should be stressed in this Report, especially. However, I am sending this material to you for you to "blue pencil" as you see fit.

With all good wishes, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
