

To the members of the School of Education faculty:

You have already learned about the party for School of Education students next Wednesday evening from seven to ten p. m. This party is arranged solely for the purpose of getting these students better acquainted with each other and with the faculty.

Some students have asked that the faculty be introduced to the group at the party because they had not had an opportunity to meet some of them. We are planning to do this; so we especially want a full representation of the faculty and their wives (if any).

We have long felt the need of a greater unity within the School of Education of both students and faculty as a means of developing a greater professional spirit. We count this an opportunity in which everyone will want to participate.

Sincerely yours,

Bert A. Nash, Chairman
Social Committee
