

this year. Larry played fullback on  
our first <sup>football</sup> team here. He was 13  
years old and weighed 170 pounds. He  
is fast & I believe has a great future  
in basket ball. I hope he can work  
under you some day.

My wife (Mary Myers Elliott  
~~the~~ sister of Tom Myers) and I are  
both Kansans and both great  
admirers of your basket ball prowess.

Thank you very much for your  
trouble concerning the book.

Sincerely,

L. Paul Elliott  
Prof. of Physics  
Mich. State Normal College
