Dr. Larry Engel  
St. Luke's Hospital  
45th & Broadway  
Kansas City, Missouri

Dear Dr. Larry:

I am sorry that I missed you at St. Luke's last Sunday afternoon. Jane drove her Buick and had some radiator difficulty which caused us to stop enroute to cool off the engine. When we got there, you had already gone, but I want you to know how very much I appreciate your thoughtfulness to the extent of putting yourself out so that you could drop by and say hello. Those humanistic qualities are not easily forgotten I assure you.

And, too, I want to let you know how very much I appreciate your high degree of skill and fine personal contribution in the service that you have rendered our family and to Mrs. Allen. It's not often that a man as busy as you will take the time for visitation which you and Dr. William took to make the life of a patient more pleasant and enjoyable.

The Allens have always been great admirers of the Engel family and I, as one member of that Allen family, am no exception I assure you.

With deep gratitude and kind personal wishes, I am,

Sincerely yours,

Director of Physical Education

Dear Eddy:

Immediately upon receipt of your letter I notified Raymond Nichols, Dean Twente, and other administrative officials that you expect to arrive in Lawrence on about November 20. We are glad that you are going to be back with us and we hope that you can make the grade on that date.

John Pfitsch is here in Lawrence and has been for a couple of days. He came in for the T.C.U. game and now is talking of staying and working on his Ph.D. degree, at least this semester.

May I talk a little shop. Reg Strait is teaching the hygiene class which meets three days a week at 9:30. He has been using the "Personal Community Health" by Turner. He likes "Healthful Living", revised, by Harold S. Diehl M.D. His thought was that he would like to use the text that you would want to use when you return. Will you kindly indicate your choice.

I am enclosing a self addressed air mail envelope for your immediate reply. I will be glad to have you also indicate any additional information as to when we may expect you back on Mt. Oread. It will be a real pleasure to have you back.

Things are hopping in the way of an enrollment and a bumper crop seems assured. With all good wishes, I am,

Yours very sincerely,

Director of Physical Education

Dear Doc:

I'm here on an assignment which seems to be pretty rough on the old man's age. I've been wanting to write sooner but after about 16 hours per day, I'm ready to hit the sack at night. I'll be here until about the 25<sup>th</sup> or shortly thereafter.

It looks sure now that I shall be on my way home for preps about Nov. 1<sup>st</sup>. The picture has improved greatly in the last few days. They system that they were using for a while looked like we would have an army of seven or eight <sup>million</sup> men for the next 20 years. However, it didn't take Congress long to convince the War Dept. that they wanted action. In the past few days the AAF has decided to set up its own temporary separation centers and according to this morning's paper Randolph is the function in that

Operated by McBurnett Hotel Co.

capacity, which should make the process painless.

Will you please call Ray Nichols to tell him when I expect to return? Also, will you please remember me to the gang in the office. I am certainly looking forward to being home and "staying put."

Saw John Pfitzsch and his Dad for a couple of hours recently. Bill Greene is now stationed at Randolph and I see him frequently. Also, I happened in the PX branch the other day and ran into Theo Graves. He had hopped a <sup>plane</sup> ride and was on the field for about 20 minutes before going on to the West Coast. He looks fine and he had a swell visit.

I'll be seeing you soon

Sincerely  
Ed.

Dear Eddy:

The hygiene course did not materialize so we will not have to worry about a text after all. Are your dates for November 1 pretty definite or do you know more when you will be released?

Henry played Oklahoma Saturday and had an awful strenuous game down there. Kansas is doing exceptionally well and everybody is very happy.

Let me know when the "R" Day release will be so we can plan on your homecoming.

Dear "Doc":

Please tell "Reg" that "Healthy Living" by Diehl will be perfectly OK with me. Will you also ask him to order a copy from the publishers for me.

I'm still shooting at November 1<sup>st</sup> at the rate they are moving them out I should be able to make it shortly thereafter.

Purely by accident I picked up the complete broadcast of the K. U. - Tex Ch. game the other night. I thought K. U. did well.

Regards to everyone and boy! am I getting the fever to get back.

Dear Brother George:

The Big Six does not permit any athlete who has been graduated from an institution, but who has returned to their undergraduate institution for a year of refresher work to compete in intercollegiate athletics. But I understand that the Big Ten does. This applies in the Big Six even though the athlete may not have completed his eligibility allowance. The Big Ten is much more free than the Big Six but I understand they are tightening the reins somewhat.

Dear Fog;

What is the practice of the "Big Six",  
and if you know it, the practice of the "Big  
Ten" in regard to the following question?  
Are veterans, who have been graduated from  
an institution, but who have returned to their  
undergraduate institution for a year of re-  
freshers work, eligible to compete in inter-  
collegiate athletics? Thanks a lot for your  
answer, Fog. Best of good wishes.

Dear Mr. Everetts:

Dr. Allen is out of town but if you will send us \$4.10 for his new book "Better Basketball" I shall be glad to have him autograph it for you. Is there any special greeting that you desire? Enclosed you will find literature on this book which you no doubt will find informative. Dr. Allen applies the same theory in his basketball, varsity, here at the university as he describes in this book.

Dear Cooch:-

I promised Johnny Kansas that I would get his final grades from Pre-Flight and mail them to you. Will you see that he gets them.

I checked his grades in Records and found him to be in the top one-fifth of his Battalion upon graduation - that is Navy F.O.

Our Base here has been closed and all of us are standing by for orders - I am to go to Corpus Christi, Texas. That is certainly a long way from home.

I have scanned every paper for the I.C.U. - K.U. score and hope for the best, with a hope that N.Y. is full and that Ray Evans, Bill Brill and the others return soon.

Respectfully  
W. J. Ellis

Dear Leonard,

Enclosed you will find a transcript and copy of original letter which was written to me by Lt. Ed. J. Ellis in the interest of Johnny Kanas, who plans on entering the University as soon as he is discharged.

I will appreciate your looking over his transcript so when he enters the University you will be familiar with his standing.

Yours very sincerely,

Dr. F. C. Allen  
107 Robinson  
University of Kansas

Dear Phog:

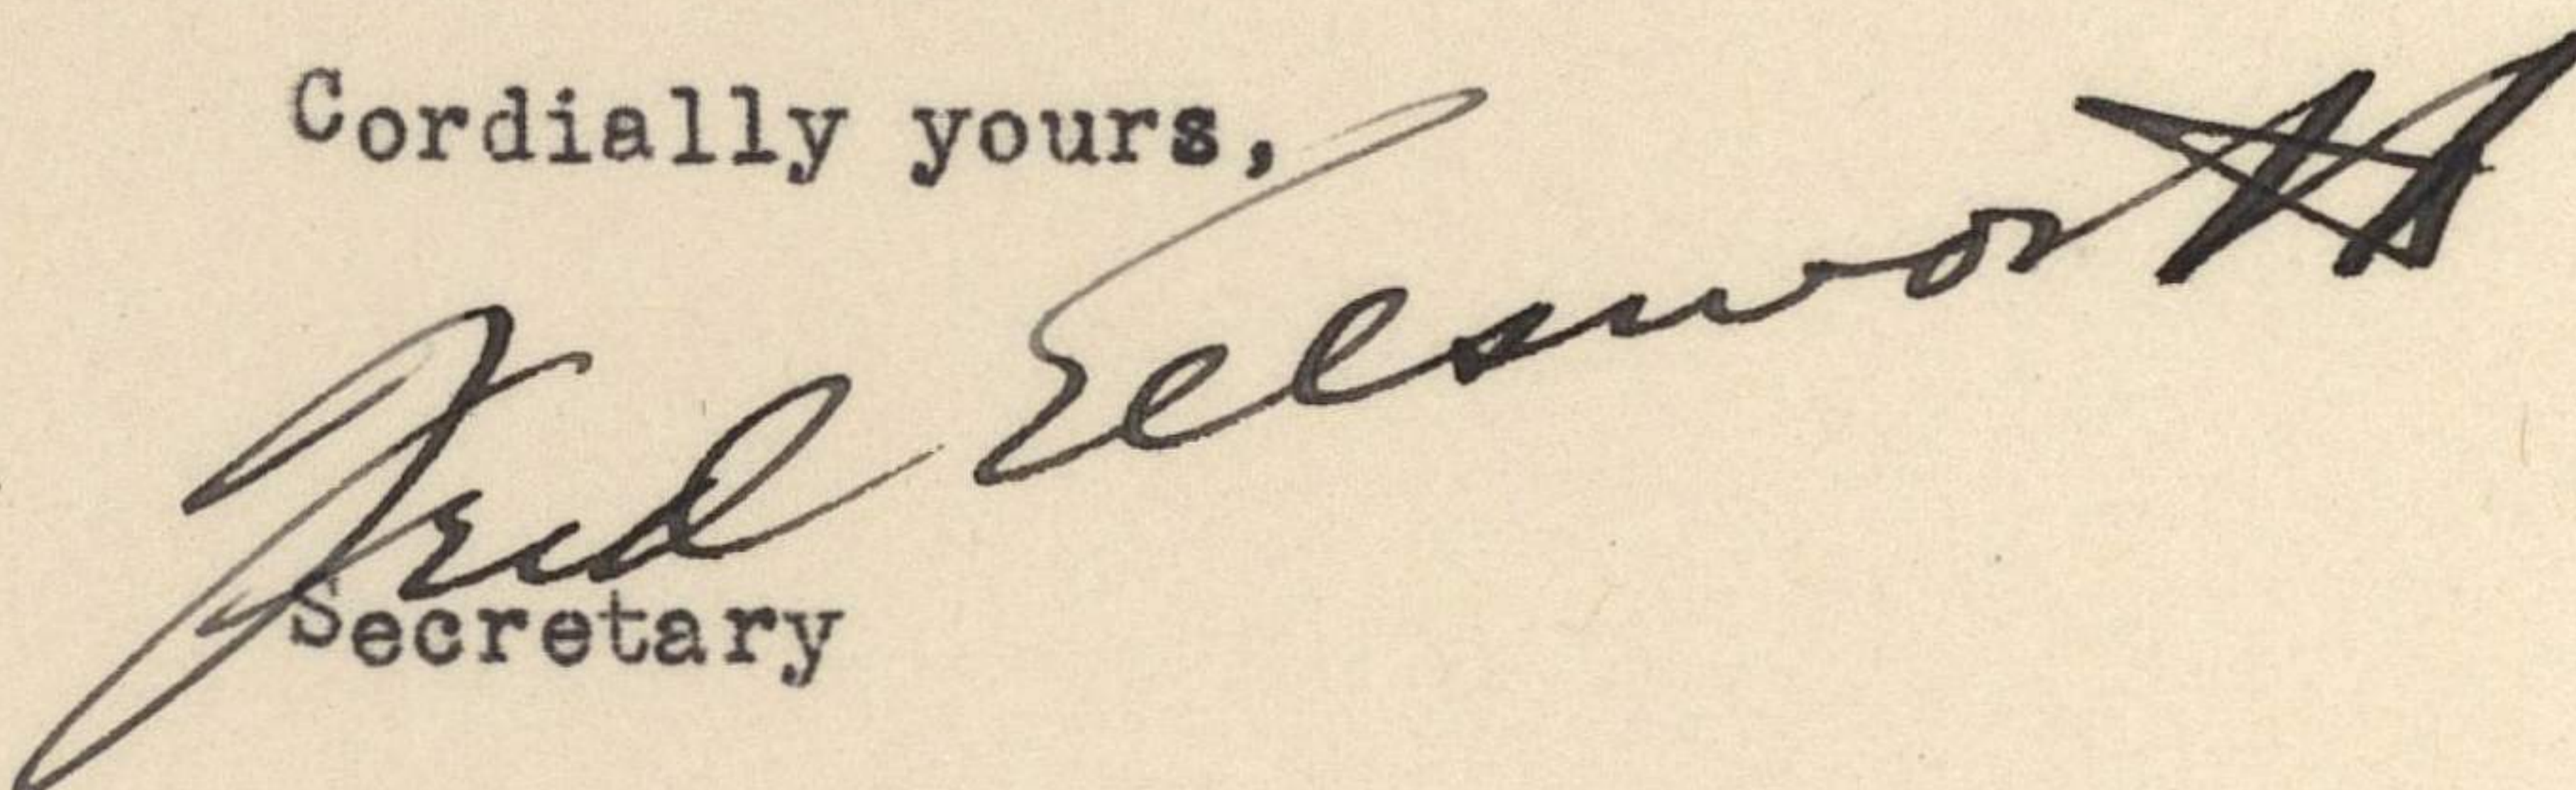

I have a letter from Mrs. Clarence N. "Bud" French who says Bud is coming back to the University as soon as he gets out of the Navy, which will probably mean the beginning of the second semester. As you may remember, Bud is a pretty foxy athlete.

His wife is going to want a secretarial job. She is a graduate of the Kansas City, Missouri, Junior College and has worked two years and three months with the Harris, Upham Company--all of which to me are high recommendations. Her work has been filing, typing and a little dictation. I am writing her to brush up on her dictation.

I have told her to come over early this fall and talk to people--that she might find some situations that would make it advisable for her to move on over here and take a job much earlier than February 1 in order to have a good situation lined up. I have also told her about the Kansas Civil Service system which will make it almost necessary for her to get into some organization that does not hire people on the State pay roll unless she wants to take a chance of getting bumped off by some Kansas resident who comes along and gets eligible.

Her address is 5031 Baltimore Avenue, Kansas City 2,  
Missouri.

Cordially yours,

  
Secretary
