Dr. Larry Engel  
St. Luke's Hospital  
45th & Broadway  
Kansas City, Missouri

Dear Dr. Larry:

I am sorry that I missed you at St. Luke's last Sunday afternoon. Jane drove her Buick and had some radiator difficulty which caused us to stop enroute to cool off the engine. When we got there, you had already gone, but I want you to know how very much I appreciate your thoughtfulness to the extent of putting yourself out so that you could drop by and say hello. Those humanistic qualities are not easily forgotten I assure you.

And, too, I want to let you know how very much I appreciate your high degree of skill and fine personal contribution in the service that you have rendered our family and to Mrs. Allen. It's not often that a man as busy as you will take the time for visitation which you and Dr. William took to make the life of a patient more pleasant and enjoyable.

The Allens have always been great admirers of the Engel family and I, as one member of that Allen family, am no exception I assure you.

With deep gratitude and kind personal wishes, I am,

Sincerely yours,

Director of Physical Education  
Varsity Basketball Coach
