

capacity, which should make the process painless.

Will you please call Ray Nichols to tell him when I expect to return? Also, will you please remember me to the gang in the office. I am certainly looking forward to being home and "staying put."

Saw John Pfitzsch and his Dad for a couple of hours recently. Bill Greene is now stationed at Randolph and I see him frequently. Also, I happened in the PX branch the other day and ran into Thero Graves. He had hopped a ^{plane} ride and was on the field for about 20 minutes before going on to the West Coast. He looks fine and he had a swell visit.

Ill be seeing you soon

Sincerely
Ed.
