Dear Chaz -

"I see by the Papers" - Probably
you have had other copies of the
attached - at least the current one
will let you know I think of you.
Good luck.

Incidentally I have had the sad job of
turning down applications for admission from
some wonderful material for our basketball
club. However, our coach "Hank" Robner
is a great fellow and puts academic
recognition first where it belongs. Incidentally
"Hank" is one wonderful teacher of men.
