

ation, I am sure that "your" men must be living out there just for the next issue so "keep 'em rolling".

During the basket ball season, just closed, I had the pleasure of working quite a number of games in this section, Georgia, Georgia Tech, Auburn, Georgia Tech and all of our Pre-Flight games here at home. The Navy of course did not pay. St. Picken, an eastern Interscholastic Official, and I anything. We did not expect a fee of course, and were glad to be of service.

The surprise of my Navy career came when Commander "Matty" Bell called us in and asked us how we would like to go to New York to see the N.C.A.A. finals and the Red Cross games - We accepted of course.

We saw two rounds of the Madison Square Garden tournament, finals of N.C.A.A. between Okla. A.M. + New York University. I really enjoyed seeing this team lick N.Y.U. The big boy Rowland is a fine player and he sure was tested for strength and durability.
