

going on, and all is ready for a great athletic area when the "boys come home."

I must tell you that the other morning orders were received here for Lt Wilbur C. Riley, to be detached to Jacksonville N.A.S. Everyone sort of looked blank, but soon Lt "Jack" Riley, the old Hayes Coach who went back east to Hill School admitted that he was Wilbur C., but had successfully covered the name up for over 20 years.

Mrs. Ellis is very well, my eight year old daughter is fast becoming a southern belle "Eddie" the 4 month old son hasn't thought much about the Civil War, but I assure you that there will be no difficulty getting one "dam Yankee" (one word has) out of the South and I like it here at Pe Aight.

I hope that this note finds you and yours in the best of spirit and good health I am

Respectfully yours

Ed J. M.

P.S. - I saw the Great Pat Kennedy in action refereeing in N.Y. City and I must admit he had me baffled. The game was a fine one, but he completely stole the game from the players by his vigorous actions and antics. I was very disappointed in him. Say hello to Mr. E. C. Feigley for me please.
