

Dear Doc

Received your last Jayhawk  
news along with 20 letters from  
home & read yours first (don't  
tell the wife) It was very interesting  
and relaxing. Your time is well  
spent I'll agree. I suggest one of  
these days you retire from your  
numerous activities and let the  
world serve of you for a few years.

I appreciate the personal note  
also & wish I could write you a  
longer letter myself. However I'll  
accept your offer to an all day  
bulletin when the war is over  
will start with our Freshman team  
& cover on from there. My love  
to the family & best wishes to  
Bob & Janne. May Beth should  
produce in May. As ever "Rope"

H. Henselman
