

to know those guys, Fern, Jones,  
T.P. etc. They certainly are  
showing their colors. Doc, a lot  
of Kansans are doing their  
parts, both here and there.  
It will be a wonderful day  
when we can all get back  
on the hill and gad about.  
I think every one of us is looking  
forward to that day. It will be  
a happy one.

I must close & pack to  
travel to Hollywood tomorrow.  
Again, thanks for your letter  
Doc. It means a lot to all of  
us. My regards to the family  
& congratulations to ~~Doc~~ the  
"new" Doctor.

Don.
