Dear Editor:

Would your readers be interested in what local students are doing here at K. U.? Would you like to have a special correspondent here at the University?

In 1936 Kansas University formed a Student Correspondent's Bureau for the purpose of disseminating to the people of the state news of their school. This group realizes the eager interest displayed by various localities in the activities of their favorite sons and daughters enrolled in the University and it is with this thought in mind that we try to present you K. U. news with a "personal touch."
