

the 42-35 victory over O.U. outside of the
Creighton Bluejays, your tops. However, I've
heard the Jays are plenty tough. All those
lads they've got and their years experience
should make them so. I know you'll
prove victorious if they have a playoff. I've
heard you've a good chance for NCAA again.
By the way the west coast is supposed to be
inferior to past squads. Stanford looked like
an unbeatable team last year & with practically
the same team back should have been just as
strong. Never-the-less they are just another team
out here. From what I gather you needn't
worry about the coast this year.

Several of the old boys are playing out here -
Tex Connelly, Hank Luisetti, Pollard, and recently
while I was at Treasure Island I ran into
Herman Fischer who is stationed at the Armed
Guard school and still a champion in more
ways than one. I also ran into Chatter Lemon,
former Bethany boy; Dave Prager, former R.U. man.
However, that is about all.

Again Doc, congratulations to a most
deserving Jayhawker. I wish you all the
luck in the world in the N.C.A.A..
Give my regards to your family and to
the old fellows around who manage to be
around Kansas Basketball teams. Also please
congratulate the boys for me.

One of your boys, Doc.

Don.
