Gentlemen:

We want to thank you very much indeed for your order No.3948 specifying 6 tennis net reels, and 12 tennis nets No.555.

We shipped you by truck today the 6 tennis net reels, and 10 of the tennis nets.

We are sorry to say that our stock of these nets was quite low, as we had only 10 of them on hand. However, we are expecting a new shipment in the next few days and the two remaining nets will go forward to you just as quickly as shipment is received.

Yours very truly,
R. S. ELLIOTT ARMS CO.

Dear Ed:

I'm inclosing to you letter I have written to Mr. James K. Hitt and Mr. P. W. Viesselman regarding the "Program for New Students".

I am also inclosing the instructions to the advisors as well as the small brochure program for new students.

I will appreciate it if you will serve them.

Sincerely yours,

Director of Physical Education and
Recreation-Varsity Basketball and
Baseball Coach.

Dear Mr. Ertell:

Pardon my failure to answer your inquiry of May 2nd, sooner. My baseball trips and commencement dates have caused me to mislay your letter in the mass of correspondence.

However, I find that our dates and the dates you submit do not quite fit into our picture. Perhaps it can be reached some other time.

Sincerely yours,

Director of Physical Education and
Recreation-Varsity Basketball and
Baseball Coach.

Dr. George A. Esterly,
Estes Park, Colorado.

Dear Doctor George:

I went to your office this morning for the purpose of asking you to consider becoming a member of Rotary. But I read the notation on the office door that you had gone to Estes Park to keep cool and comfortable.

Here's hoping that you and yours are enjoying the very pleasant and cool Colorado weather. It is not too warm here and we are enjoying ourselves, but not as much as we would were we in Estes Park.

About two weeks ago I rode to Olathe with Karl Klooz, John Andrews and Neal Wherry and I asked each one of those gentlemen to stop by and invite you to become a member of Rotary, but doubtless you left before they had an opportunity.

We would love to have you in Rotary, Doctor George, and I know that you would enjoy some of the friendships there. I know this - that I would have a chance to visit with you more often than I do now which is far too seldom.

With kindest regards and best wishes to you and Mrs. Esterly for your continued health, prosperity and happiness, I am

Fraternally yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

Dear Doctor George:

It is very humid here but on the whole we have had a wonderful summer.

I was happy to have your letter of July 22nd and to know that you are interested in Rotary. Really, Doctor George, we would like mighty well to have you in our organization. Dr. A. J. said to me the other day that he thought Rotary was much better than it had been for the past two or three years. Walt Varnum made a similar statement to me a few days before that. Judge Hugh Means is taking quite an interest - more so, it seems to me, than he has for quite some time.

So I know that there are several live wires in there that you would enjoy seeing.

Mrs. Allen and the Allen household are very busy in anticipation of Jane's wedding which will take place September 6th. She is marrying a young Princeton man who prepped at Exeter and got his engineering degree at Princeton. He was a stroke on the Princeton crew. He is six feet three and weighs about 210 pounds. His name is Mons, so they call him "Hoot" Mons, but his mother likes him to be called Elwood. Of course we hope to have the Esterlys with us.

Now, don't forget about Rotary because I am chairman of the program committee and I would like for you to tell the Rotarians some time just how many open spaces called cavities that you have found in our citizens heads in this vicinity. You could tell a lot of other things that would make it appear even worse than that, but we would like to have you in the organization. Frankly, I thought that I would never go back in, but now I go for the fellowship and do not get hopped up so much about the little things. I just enjoy the friendship of those that I like, and the other fellows -- well, I never worry about them, nor do I register any dislike. There is enough friendship in the organization for everybody.

Give our love to the Mrs., and we hope that you are both well.

Fraternally,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

My dear Dr Allen! -

Let me thank you
for your letter - so sorry
I missed you at the office.

About Rotary - that was mighty
good of you - this letter to you
when I get home.

There are not many Lawrence
people here this year but plenty
from everywhere else -

We arrived last Friday but to
date have been no place - I
think we will just rest & rest.

We made excellent time
coming out and had the most
perfect trip we ever had.

Again thanking you for your
kindly interest in me I wish
to remain yours sincerely

George Esterly

Dear Phog:

Since receiving your letter of July 31, I have been working along with Mr. Adams in connection with trying to find some place for Chester Gibbons. His letter to you of this date will report on the latest developments.

It is only a short time now until the college sports will capture the public interest, and I am already beginning to look ahead to the K. U. football and basketball seasons.

With best regards to you and your family, I remain

Sincerely yours,

Dear Doctor George:

I am sending you a copy of a mimeographed letter that I wrote our basketeers. I thought you might like to look over the letter.

It is very pleasant here today after the rains.

I hope Mrs. Esterly is enjoying good health.

I guess you take the Journal-World, but in case you don't, here is some canned information from Horace Mason on the K.U. football team.

With all good wishes, I am

Sincerely yours,
