

July 19, 1941.

Dr. George A. Esterly,  
Estes Park, Colorado.

Dear Doctor George:

I went to your office this morning for the purpose of asking you to consider becoming a member of Rotary. But I read the notation on the office door that you had gone to Estes Park to keep cool and comfortable.

Here's hoping that you and yours are enjoying the very pleasant and cool Colorado weather. It is not too warm here and we are enjoying ourselves, but not as much as we would were we in Estes Park.

About two weeks ago I rode to Olathe with Karl Klooz, John Andrews and Neal Wherry and I asked each one of those gentlemen to stop by and invite you to become a member of Rotary, but doubtless you left before they had an opportunity.

We would love to have you in Rotary, Doctor George, and I know that you would enjoy some of the friendships there. I know this - that I would have a chance to visit with you more often than I do now which is far too seldom.

With kindest regards and best wishes to you and Mrs. Esterly for your continued health, prosperity and happiness, I am

Fraternally yours,

Director of Physical Education and Recreation,  
Varsity Basketball Coach.
