

December 24, 1937.

Mr. Frank Root,
Basketball Coach,
Kansas State College,
Manhattan, Kansas.

Dear Frank:

Louie Menze wrote me on December 13 stating that you feel as if you did not wish to use the Bask-O-Lite goal in your Big Six games unless the rest of the group voted to do so throughout the conference.

Frank, I am sorry that you could not be at the meeting and hear the discussion of all the coaches. Without exception the boys all said they certainly wanted to use them if they would work. Some were a little skeptical, as was Hugh McDermott, that something might get out of kilter, but after we had been assured that the goals were just as workable as a railway switch, we all agreed to use them.

It always generally happens that when we do not have a full membership present, the other fellow who isn't there might feel that somebody is trying to run a whizzer over on him. I assure you that such was not the case. I do not want you to think that I am trying to personally sell you the idea, but I am merely trying to reflect the opinion of the coaches present at the meeting regarding the use of this goal.

It was their opinion that the basket with its lights very definitely added something to the game. This not only applies to the spectators, but it applies to the officials. The coaches felt that the referee could watch the players more closely for fouls and ball handling inasmuch as they would not have to center their attention on whether a quick goal might be made that they might miss.

In other words, with the light flashing on there is no chance for an official to be looking at the players and missing a quick goal. Now, I am not trying to draw a ridiculous situation, Frank, because immediately a fellow will say that any official that couldn't see a goal being made has something wrong with him. Because that is the very point, Frank. He can now release his vigilance on whether the goal is being made and do a better job of officiating.

Then I remember you telling me something about a long goal that was thrown at Nebraska in which an official ruled that a goal had been scored, when as a matter of fact you and the coach had been very sure that the goal had been missed. After the game it was my understanding that Nebraska won by two points, the difference in this mistake in goals. While such instances as you recount will seldom happen, nevertheless they do happen.

Then here is another thing, Frank. The score-keeper under the new rules and with the old basket might not be sure whether a goal has been made, and it is very possible that he might want to stop the game and ask the official whether the field basket had been scored. Now under these new rules a field goal and an out-of-bounds play are handled by the defense in a similar manner. In other words, if a player shoots at a goal that comes very close and goes out of bounds, the opponents have the ball and have five seconds to play it back in bounds. This is exactly the case when a player shoots at the goal and he misses it and the ball goes out of bounds.

Now, isn't it possible for the scorer with an optical illusion to get into all sorts of trouble? And I have seen that very thing happen.

This basket is fool-proof, and I think it adds a lot to the game, especially when there are spectators sitting behind the basket like at Iowa State, Kansas State and Nebraska. I think it really adds a lot to the game when they sit right in front and out at the side of the basket. There is just something added there that I think is worth while.

I trust that I have not been obnoxious to you in presenting these points. But all the coaches voted to use the basket in the Big Six, and I am only sorry that you weren't there to hear what they had to say.

I have been looking for you at Lawrence at some of our games, but I haven't seen you. We play Washburn here on January 4th, and would be glad to have you come up.

Wishing you a very Merry Christmas and a Happy and Prosperous New Year, I am

Sincerely yours,

Varsity Basketball Coach,
Director of Physical Education.

FCA:AH

September 20, 1937.

Coach W. H. Browne,
Department of Athletics,
University of Nebraska,
Lincoln, Nebraska.

Dear Brownie:

Some time in the not too distant future why would it not be a good thing during the Christmas holidays to pull off a Big Six tournament at the University of Nebraska at Lincoln.

This could be played immediately after the Christmas holidays began, or after Christmas in the interim between Christmas and the beginning of the school year. I believe we could pack that field house of yours for every game. With sixteen in the tournament we could play double headers every night for about three nights for a wonderful drawing card.

Not only would each outfit make far more than their expenses, but it would create an interest that would be most stimulating to basketball and the conference.

The reason that I am suggesting Nebraska over Missouri and Oklahoma is on account of the fact that you have the greatest seating capacity, and you have a town in which you could draw a great crowd every night. Vacation time wouldn't hurt your set-up while at Norman and Columbia it would.

This is just a thought for you, Brownie, for the future, but I would heartily cooperate in such a venture, and I believe if you think well enough of it you could sell this idea to the coaches at the basketball interpretation meeting in December.

I trust that you and Biffer are getting ready for the Minnesota Juggernaut that is coming your way about October 2nd. We are pulling for Nebraska to

Coach W. H. Browne -- Page 2.

show those husky Swedes a real ball game.

Since I am relieved of the administrative duties in athletics I think I will endeavor to see the Nebraska-Minnesota game. I presume, however, that you will be on a scouting expedition, but if you are in town I will be glad to see you.

With every good wish, I am

Sincerely yours,

FCA:AH

Director of Physical Education.

The Jayhawk Coach

Dr. Forrest C. Allen

Twenty-one conference championships in 27 years of coaching is the record of Dr. Forrest C. Allen, basketball coach at the University of Kansas. He is the dean of basketball coaches in the United States, having been in the coaching game since 1908.

Dr. Allen played his high school basketball at Independence, Mo. and it was there that he first met Dr. James Naismith, inventor of the game of basketball, and coach at Kansas then.

In 1904 Dr. Allen entered the University of Kansas. During his college career, he lettered in basketball in 1905, 1906 and 1907 and in baseball in 1906 and 1907.

The following year, 1908, saw Dr. Allen off to a successful start as a coach, with a championship basketball team at K.U. His second Jayhawk team made even a better record in winning another championship the next year, marking up ten conference victories against two defeats.

The same season, Dr. Allen was coaching the Haskell Indian "National Aboriginal" team which won 19 of 24 games and the cage team of Baker University, 20 miles away.

This concluded Dr. Allen's coaching efforts for three years, while he pursued the study of medicine. In 1912 he became coach of all sports at Missouri State Teachers College at Warrensburg and his service as a coach has been continuous from that date.

In his first year at Warrensburg, Dr. Allen's football, basketball and baseball teams were undefeated and the basketball team started a series of championships which was unbroken during his seven there.

In the fall of 1919 he became director of athletics at the University of Kansas, and before the basketball season was over was coaching that sport. Missouri was dominant in basketball at the time, but by 1922 the youthful Jayhawk mentor had brought Kansas up to a tie with the Tigers, each team losing a single game of the 16-game conference schedule.

The remaining six seasons of the old Missouri Valley conference yielded Kansas five championships, the one in 1923 without a defeat. This season was notable, also, as being in the midst of a winning streak of 34 consecutive conference games, ended, finally by Oklahoma, which in 1928 moved into championship position.

Oklahoma carried over its winning ways into the Big Six conference and held the leadership in 1929; Missouri won the next year; then Kansas, under Dr. Allen, swept the next four years. The 1935 championship went to Iowa State, coached by Louis Menze, a pupil of Dr. Allen's at Warrensburg.

In 1936 the Jayhawks blazed through their regular schedule without defeat, winning eighteen consecutive games. In the regional Olympic tryouts Kansas defeated Washburn and Oklahoma A. & M. to qualify for the semi-final eliminations.

In that series of games the Jayhawks played Utah State and won the first game, but at a great cost. Francis Kappelman, all-conference guard, suffered a deep cut across his knee, when he ran into a wire supporting one of the goals and was lost to the team. Without him Kansas could not keep pace with the sensationally shooting Utah State team and lost the next two games.

Last year Kansas and Nebraska tied for the championship.

Golay, f	27	13	14	.481
Corlis, f	7	3	4	.428

Personal Sketches University of Kansas Basketball 1937-1938

CORLIS, LYMAN- forward- 20 -home, Lawrence; graduate of Topeka high school, 1935; coached by "Buck" Weaver. Lettered last season as a sophomore. Is a polished player. Has not hit his scoring stride yet, but may burn up the court before the season is over. In early games, he has usually been one of the starting forwards.

DURAND, FENLON- forward or guard- 19 -home, Junction City; graduate of Junction City high school, 1935; played under Coach Henry Snenk, former Lawrence high school and K.U. star who has developed many great teams at Junction City. Lettered last year, his sophomore year. A valuable replacement. Big Six champion in the javelin throw.

EBLING, DON- forward- 19 -home, Lindsborg; graduate of Lindsborg high school, 1936; prepped by Coach O.C. Ostenberg, now coaching very successfully at Great Bend. On first freshman basketball team last year. Brother of Ray Ebling, Kansas' All-American forward who graduated in 1936, and a fine basketball player in his own right. May battle his way into the first five before long. A halfback on the 1937 Jayhawk football team. Threw the pass which gave Kansas a 6-3 victory over Oklahoma.

FLORELL, LOREN- forward- 20 -home, Topeka; graduate of Topeka high school, 1935; played under Coach "Buck" Weaver, along with Corlis. Attended Washburn College a year after graduating from Topeka high. A member of the K.U. freshman team last year. Tallest man on the squad at 6'4", he has developed sensationally on long shots. Has two years of competition left, after this one.

GOLAY, GEORGE- forward- 19 -home Warrensburg, Mo.; graduate of Warrensburg high school, 1935; coached by "Bud" Kennedy, son of Dr. A.R. Kennedy, K.U. football coach from 1904 to 1911. Lettered as a sophomore last year. Built nicely, standing 6'3" tall and weighing 184 pounds. Inconsistent in his shooting, but a dangerous man. Has been getting the starting call at one of the forward posts.

HARP, RICHARD- guard- 19 -home, Kansas City, Kan.; graduate of Rosedale high school in Kansas City, 1936; coached by Roscoe Brown. Was as much of a standout on the Jayhawk freshman team last year as he was in high school. A great offensive guard and a fine defensive player as
(more)

well. Started the season as a reserve, but fought his way into the starting lineup and is sticking there. A good long shot man.

HUNT, ROBERT- center- 19 -home, Lawrence; graduate of Lawrence high school, 1936; played under Coach Edd Wood. Shortest man on the Kansas team at 5'5". Did not make a very impressive showing on the freshman team last year, but is looking good this season.

JOHNSON, CARL- guard- 19 -home, Kansas City, Mo.; graduate of Northeast high school in Kansas City, 1935; coached by Reaves Peters. Center on the Northeast team which won the state high school championship in 1935. Played a year of independent basketball before entering K.U. Standout on the Kansas freshman team last year. A first string man at the start of this season, but a knee injury has cost him his place.

KAPPELMAN, LESTER- guard- 20 -home, Lawrence; graduate of Lawrence high school, 1935; played under Coach Edd Wood. Brother of Francis Kappelman, who starred on three Kansas basketball teams, finishing up in 1936. A fine ball handler and a good shot. Lettered last year, as a sophomore. Also lettered in baseball, where he was first team shortstop.

PRALLE, FRED- guard- 21 -home, St. Louis, Mo.; graduate of Beaumont high school in St. Louis, 1933; coached by Ray Polster. Starred on the 1934 K.U. freshman team and was out of school the following year. First string guard on the 1936 Kansas team which went through its regular season undefeated. An all-Big Six guard that season and again last year. A great defensive guard and a potent scorer. Good on beautifully arched long shots and also good at driving in hard for set-ups. Played third base on the Jayhawk baseball team last spring.

REID, BRUCE- center or forward- 19 -home, Arkansas City; graduate of Arkansas City high school, 1936; prepped by Coach Everett Nicholson. Another in the long line of crack basketball players coached by Nicholson who have played at K.U. One of the best sophomores. An outstanding ball handler, so is frequently used at the "quarterback" position.

SCHMIDT, SYLVESTER- center- 22 -home, Marysville; graduate of Marysville high school, 1933; played under Harold Stover. A star on the 1935 Kansas freshman team, but could not hit his stride as a sophomore. Got going last year and alternated with Roy Holliday at the "quarterback" position. Outstanding as a ball handler and a tenacious defense man. Runs the team coolly and calmly.

SULLIVAN, NELSON- forward or center- 22 -home, Kansas City, Kan.; graduate of Wyandotte high school in Kansas City, 1933; coached by Percy Parks, K.U. grad, whose teams are perennial conference champions. Played two years at Kansas City, Kansas Junior College and then played a year of independent basketball. Did not stand out on the Jayhawk freshman team last year, but got going this winter. Is fast as greased lightning, a tricky passer and a dangerous man around the basket.

March 1, 1938.

Mr. George Edwards,
Varsity Basketball Coach,
University of Missouri,
Columbia, Missouri.

Dear George:

I drove down late yesterday to see your game with Oklahoma. I got to the game just after it had started and left a minute before it finished so that I could get out of the crowd and get started back home. It was for that reason I did not look you up.

I thought your boys played a spunky game, and I congratulate you for the fine fight your boys put up.

I am writing especially about one thing. I am wondering if it would not be a good thing to have our officials alternate their positions. I noticed last night, as I have noticed on other occasions, that when one official has a penchant for a certain thing he stays under your goal and calls the same thing all night. My argument is that if you have an especially good official that his talents should be distributed over the game, half to your team and half to the opponents, and if you have a poor official working under your basket, half of that work should be distributed among your players and the other half among the opponents.

I believe this makes for uniform officiating and would be better for all concerned. In other words, for our game with you on Thursday night, why would it not be fine to have Cochrane officiate under the Missouri basket one half and Volz under the other basket, and then have them change. There is nothing in the rule book to say how these officials shall work, nor is there anything that I know of between our Big Six coaches association.

I am writing to Oswald Tower, and I am also making this letter serve two purposes - to you as coach of the Tigers, and to you as president of the National Association of Basketball Coaches, suggesting that this procedure be followed. I believe it is in line with consistency and fairness.

I will see you when you come in Thursday, so if there are any questions regarding any merits or demerits of this situation we can discuss them more freely.

With every good wish, I am

Sincerely yours,

FCA:AH

Director of Physical Education,
Varsity Basketball Coach.

January 20, 1938.

Mr. Reeves Peters,
Northeast High School,
Kansas City, Mo.

Mr. Pat Mason,
Rockhurst College,
Kansas City, Mo.

Gentlemen:

Some of my boys called my attention to reports of a story out of Lincoln that one of the tall defensive players on the Nebraska team batted the ball away from the basket in a recent game played up there. After Wellhausen's performance last year the rules committee, under Rule 14, Sections 13 and 14, made the following provision:

Sec. 13. Interfere with the ball or basket while the ball is on the edge of or within the basket.

PENALTY -

(a) If committed at OPPONENTS' BASKET, shall be declared a goal whether made or not. (Ball put in play as after a field goal.)

(b) If committed at player's OWN BASKET, shall be declared no goal whether made or not. (Jump ball at nearer free throw line.)

NOTE--Under (b) an offensive player shall not be deemed to have interfered with the ball on a try for goal from the field unless he touches the basket or any part thereof.

Sec. 14. Touch the ball with the hand or arm while that hand or arm is touching any part of the opponents' basket, or while that hand or arm is above the opponents' basket.

NOTE--Above the basket as used in this section means any part of the space enclosed by an imaginary cylinder having the ring of the basket as its base and extending perpendicularly upward.

PENALTY -

Shall be declared a goal whether made or not. (Ball put in play as after a field goal.)

I merely wanted to call attention to this rule.

We will be glad to see you on February 2nd.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
