Dr. George Esterly,  
Estes Park, Colorado.

Dear Doctor George:

I was happy indeed to get your post card from Estes Park, dated August 3rd, and to know that you are feeling some better. When you get back we will take you under our wing for some more care and I am sure that we will be able to do better for you than we were in such a short time.

The entrance to Thompson Canyon on the new highway from Loveland to Estes Park is a restful thing to look at. My, how I love Colorado and her grandeur! I sincerely hope that Mrs. Esterly is mending rapidly under the healing quietude of your quiet abode. She certainly deserves a surcease from her troubles.

Things are cool here and delightful for Kansas, but of course it does not compare with your retreat.

With our love to all of you, I am

Fraternally yours,

Director of Physical Education,  
Varsity Basketball Coach.
