

August 20, 1942.

Mr. Howard G. Engleman,
Phillips Petroleum Company,
Bartlesville, Oklahoma.

Dear Howard:

Upon receipt of your letter I answered the same in long hand so that you would get such information as you desired at once. I called Dr. Peete and I am sure that you heard from him in the same mail that you received my letter. I wanted you to have the very best consultation regarding your operation, and I wanted you to have it pronto.

Mrs. Hulteen has been off on a vacation. In fact, she was called back several days early, so I will not have an opportunity to answer the matter that you asked about in this letter. But beginning next week when she returns I will go into the matter of answering your inquiry from Denver about the N.C.A.A. teams. This is just to let you know that I am thinking of you and will give you a full report at the earliest possible moment.

Congratulate Fred and Mrs. Pralle on the little girl. You tell him that I think he is a poor papa when he said that he would wire me had it been a boy and not even communicate with me when it is a girl. You tell him that in his old age, when he is dotting around the house it will be the daughter that will give him the comfort, while the son will take French leave and let him cook his own meals.

With all good wishes, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
