

March 26, 1946

Mr. John R. Baldwin
691 The Alameda
Berkeley 7, California

Dear John:

By now you know that we did not do so well against the Oklahoma Aggies, but nevertheless I appreciate very much your fine letter of March 7, and to know that regardless of the outcome of our game nothing subdues the Jayhawker spirit.

I was happy to hear that you are secretary for the San Francisco alumni and also secretary for the memorial fund. I am sure that you can count on the assistance of Mary for that purpose.

Thanks for the news on the basketball article by Mr. Dustin. Knowing Dr. Naismith as we all did here, it is always fine to read and hear of him from some other source.

As you mentioned, we did have our twelve-foot basket game in Kansas City in connection with the N.A.I.B. Tournament. The result of the findings have not yet been disclosed; however, several important points were brought out.

Write again whenever you feel like it and I shall attempt to keep you informed as to our activities.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
