

Dear Doc,

Just heard that Bruce Reid
had an appendicitis operation.
They're not allowing visitors yet
but I guess he's coming along
all right. Maybe you already
knew but thought I'd make
sure.

Did you get my letter I
wrote you several weeks
ago. That work hasn't started
yet. I expected to hear from
you by now but I reckon
you're awfully busy.

I'll let you know about Bruce
later. Where will you be
next month. Write me.

Sincerely Yours,
Rope
Engleman
