

July 27, 1936.

Dr. George A. Esterly,
Estes Park, Colorado.

Dear Doctor George:

Well, I know that Mrs. Esterly is having a good time out of the Kansas heat, but really, it has been very pleasant here, considering Kansas weather.

First, I want to tell you that I have written Biff Jones and sent him a check for \$15.00 for five tickets for the Pittsburgh-Nebraska game on November 12. Now this is your party, - you and I and you pick your three friends whom you would like to have go, and we will have a nice trip and see a nice ball game. Kansas is playing George Washington University in Washington, D.C., on that date, so there will be no game here at home. So that is that. We are counting on it.

I am sending you a mimeographed letter that I wrote each one of the basketball boys so that you may have the basketball news and some information that might be interesting, and also you can see how we try to encourage the boys to do a good job of training. I thought some of this might prove of interest to you.

I will drop you a line from time to time, and I do not expect an answer because you are out there for rest. Don't answer this, but take care of yourself and your good wife.

With all good wishes, I am

Fraternally yours,

Director of Physical Education,
Varsity Basketball Coach.
