

Copy of Confidential Communication
to the Appointment Secretary
Stanford University, Calif.

March 21, 1933

Mr. E. B. DeGroot has been under observation of members of the Staff of the School of Hygiene and Physical Education during the past three or four years. During that time he has impressed us all as being well above the average scholastically, athletically, and in general ability. He is earnest, reliable, and exhibits a considerable degree of initiative. We believe that he has a personality that will take him a long way in whatever field he decides finally to enter. I hope that he will go on in his preparation for work in the professional field of Physical Education. This hope is shared by my conferees here at the University.

Thomas A. Storey
General Director
School of Hygiene and
Physical Education
Stanford University
