

Copy of Confidential Communication  
to the Appointment Secretary  
Stanford University, Calif.

February 18, 1936

I have known Mr. Edward B. De Groot, Jr. intimately during the past six years, and he has been a pupil in a number of my classes in physical education. He has always appealed to me as the type of individual who is most desirable for our teaching profession. He is a thorough student, a clear and independent thinker, and I consider him to have the best qualities for successful leadership of young people.
