

15.

for our train on to Lawrence. After cleaning up we had lunch at the Fred Harvey house and then as it was raining we just loafed ~~was~~ about the station until time for us to leave. At five bells we boarded our train. It was interesting to note that the only two places where we had to stand on the whole trip was between Lawrence and Kansas City - both going and coming.

We arrived back home at six thirty Saturday evening. We had a wonderful trip but all of the boys were tired and really glad to get back. This trip was a certainly a wonderful Xmas. gift from my stand point and I had many experiences which I will always remember. I think Dr. Allen should be given another bouquet, as he is certainly the finest coach I know.

The End —

Max Kissel
