

August 8, 1938.

Dean E. B. Stouffer,  
The Graduate School,  
University of Kansas.

Dear Dean Stouffer:

I am enclosing a copy of the report of our committee on the prerequisites for a combined Master's degree in Education and Physical Education.

There was some discussion among members of the committee as to whether the words "or equivalent" should be added to 1. Techniques or theory and practice. From an administrative standpoint I would like to know if you think this is wise. We have left it out of our report, but some members thought it should be listed there for the benefit of those persons who might have difficulty in getting the required work. For those coming with advanced work it might be necessary. I would like for you to tell me the efficacy of such a recommendation.

Very sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
