

The committee on prerequisites for a combined Master's degree in Education and Physical Education recommends the following:

A. That the undergraduate work include the following courses or their equivalents:

Com. should outline + define (Include Lav. Ath?)

- 1. Techniques or theory and practice 8 hours
- 2. Hygiene, physiology, zoology or anatomy . 7 hours
- 3. Courses involving the history, principles or philosophy of physical education . . . 3 hours
- Total 18 hours

B. That a committee of advisors be appointed to evaluate the transcripts of all entering candidates.

C. That the addition of the Master's work in physical education will necessitate a change in the numbering of some of the junior and senior courses to open them for graduate work.

Respectfully submitted,

Forrest C. Allen
E. R. Elbel
Ruth I. Hoover
Elizabeth Dunkel.
