May 31, 1939.

Dr. Forest C. Allen,
Director of Athletics,
University of Kansas.
Lawrence, Kansas.

Dear Doc:

I have your letter concerning the golf tournament for June 10th, and thanks for the complement. I do however appreciate the letter, and would like mighty well to be in Lawrence at that time, and also would like to play golf, but my time is so thoroughly taken up for the next two weeks that it is impossible for me to take on any more. I will however tell Dr. Eggleston and Paul Wunsch about the tournament and it may be that they will be going that way.

I congratulate you upon the successful golf team as well as a quite successful track team for this year. I trust that we will see a much improved football situation in the fall, and I believe that we will.

Tell Cap. Treece and Jake Jones, that I sure would like to be there and play golf with them, and may try to do that some time, but not this spring.

Again thanking you, I am,

Yours truly,
