Dear Doctor Allen:

Outside of the two dates, April 10th and 11th, we have but two other possible dates on which we could play you at Manhattan. We could play you here on Monday and Tuesday, May 4th and 5th. We had tentative dates with Missouri on those particular dates, but they have informed us they will be unable to come to Manhattan at that time.

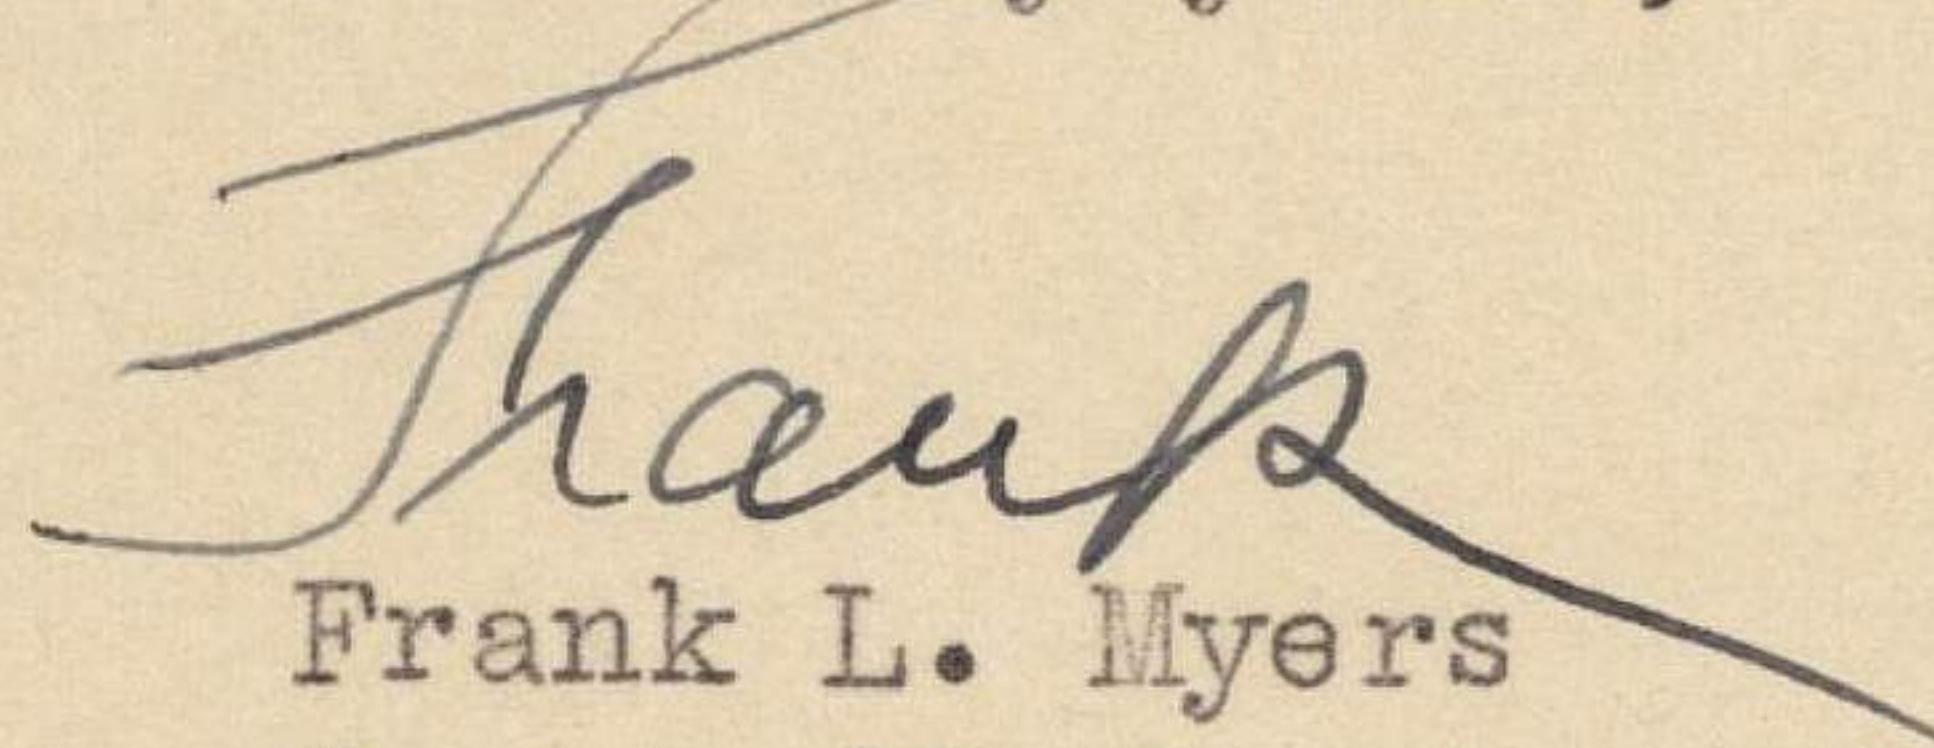

If you accept these dates in preference to the April dates I would suggest a couple of night games which, as I have said before, have proven very popular here at Manhattan, and the boys really have a lot of fun. I will promise you that we will do no practicing under the lights in order to gain any advantage on your team.

The weather has been very miserable I agree, but I guess it hasn't been much better here than at Lawrence. We have had to decent nights, and now that the weather has turned off warm and agreeable our Easter Vacation starts today, so our next practice will be Tuesday, April 7.

I shall be glad to hear from you at your earliest convenience regarding these dates.

Kind personal regards and best wishes, and I am

Sincerely yours,

  
Frank L. Myers
