

An approximate guess on the oil required can be said to be twenty-two gallons of oil--and one load of sand should be plenty to re-cover bare spots in the greens.

If this letter of suggestions meets the approval of Doctor Allen, then plans can be made to get to work as quickly as possible.

My Schedule is:

Monday-10:30-1:30
Tuesday-8:30-9:30-10:30:2:30
Wednesday-10:30-1:30
Thursday-8:30-9:30:10:30:2:30
Friday-10:30-1:30

Thank you,

Bill Winey, Jr. 9/22/41
