Dear Phog:

Some time ago you sent me a couple of the prints of you (photographs) for use in making cuts, etc. The last one of these was destroyed the other day, and we are in immediate need of another copy for some fresh advertising we are preparing. Will you please send me two or three of your photographs, for my file?

Incidentally, I am wondering if it would not be smart to approach Gene Tunney now or within the next week and ask him whether he has had an opportunity to put the Goal-Hi standard we sent him, with your compliments, to work. I am anxious to get some expression from him, and maybe we can arrange some kind of a build-up of the game being played at the Pensacola Air Station, in advance of an attempt to interest "Life", as mentioned in my previous correspondence.

Cordially yours,

FRED MEDART MANUFACTURING CO.
