Mr. Forrest G. Stith
Coordinator Health, Physical
Education and Recreation
Department of Public Schools
Jefferson City, Missouri

Dear Forrest:

Now Forrest, there is one thing that I do not like. You put two r's in your name but you put only one in mine. You can lay this onto your stenographer if you want to but I always have my stenographer use two r's.

Seriously, I want to thank you very much for your writing me concerning the fact that you are including our game of Goal-Hi in your new course of study in physical education for the Missouri high schools.

Yes, indeed, you are exactly right regarding the complete set of rules that go with each game. I am writing Mr. Roy E. Weinzettel, a very close friend of mine, and Sales Promotion Manager of the Fred Medart Manufacturing Company, and asking that he get in touch with you, which he will I am sure in the very near future, and render you every possible aid and courtesy.

You should hear from Mr. Weinzettel in a very short while. From my knowledge of Roy Weinzettel, I am sure you will vote him a regular fellow and a man that will strive ardously to give you the best that is within him. You and he should click it off in great style.

Thank you for your season's wishes and assuring you that I am glad to reciprocate, I am,

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
