Mr. Roy E. Weinzettel  
Fred Medart Manufacturing Co.  
St. Louis, Missouri

Dear Mr. Weinzettel:

I am sending you the file of my correspondence with Mr. Ramon Azcarate of Havana, Cuba. You can see that I sometimes receive letters on the 24th of June and answer them on the 24th of December. Isn't that terrible?

I see possibilities here in developing the game Goal-Hi in Cuba, and I am writing Mr. Azcarate to the effect that the Fred Medart Manufacturing Company of St. Louis have the power to outline the policy for our Goal-Hi Company, and since it will be easier to have you two people formulate an agreement I am sending the correspondence on to you.

I have put my O.K. on all of the rules and you can send one copy to Mr. Azcarate. I think it would be a good thing to let them go ahead and work out their scheme according to their plans. You can correspond with him directly as to the sale of Goal-Hi equipment, etc.

I trust I have not overstepped the bounds of our agreement in placing my O.K. on the enclosed rules.

Sincerely yours,

Director of Physical Education and Recreation  
Varsity Basketball Coach
