

Sr. H. López Reboledo to F. C. Allen - July 9/40

Asking why my inquiries about possibility of obtaining your "Goal-Net" equipment at the firm mentioned by you in your letter of May 3rd last, remain unanswered.

Possibly said firm is not interested in our foreign market & I am asking you therefore, for info on the rules of the game and the form which we might here be able to construct similar implements to be used.

It would make us grateful to have your advice. We are interested in the game especially in "Inventus", an entity in which I am Prof. of Phys. Ed.

I hope to have received the data which I have solicited about basketball in Mexico by airmail.

Sincerely to Esther you - etc.
