Dr. F. C. Allen
University of Kansas
Lawrence, Kansas

Dear Sir:

I am writing in regard to my twin sons who graduated from Winfield High School last May. They are just seventeen therefore not likely to be called for service during term since they will not be eighteen until May 28th 1944. They are outstanding basketball players. Robert broke the record in individual scoring in Ark Valley League and Clarence did good work in defense.

These boys have planned until recently to go to an Eastern school but, I prefer to have them closer home.

If you are interested in them you can get any information concerning them from Principal Hawk-Winfield High School.

If interested just what can you do for them?

If is necessary that they make a big part of their own way.

I am enclosing a clipping from the Wichita Beacon which appeared early in the season.

Respectfully,

Mrs. James G. Brannum
