Lawrence, Kansas

Sirs:

Our school is interested in getting some equipment for our playground. "Phog" Allen's One-Goal Basketball described in the November issue of "Farm Journal and Farmer's Wife" seems to be just what we need as ours is a rural school having both large and small children to consider.

Could you inform us as to where rules for playing the game, also, where instructions for making the goal, if it can not be purchased, may be obtained?

I assure you any information you can furnish us will be greatly appreciated.

Respectfully yours,

Cora Sutherland

(Mayo School, Mayo Dist.#22)
