Dr. Forest C. Allen
Kansas University
Lawrence, Kansas

Dear Dr. Allen:

In the Nov. issue of Farm Journal some space was given to a new "basketball Type" game-- Circle Basketball--originating at Kansas University under your direction. May I offer my congratulations on the success of your efforts?

The article was short and incomplete but I am hopeful of obtaining full information as to rules of the game and necessary equipment.

Do you have such information available, or can you recommend some other source?

If there is some expense attached I will assume the responsibility.

Sincerely,

Samuel H. Smith
Inst. Health Education
