Gentlemen:

Your card of recent date in which you requested a Goal-Hi rules book was forwarded to us by Dr. Forrest C. Allen of the University of Kansas.

Our files have been checked and we failed to find any record of our Goal-Hi equipment being placed at the University of Maine. If the equipment you sold was marked official Goal-Hi equipment and bore our name plate and you can tell us from what source you purchased your equipment, we will be glad to forward the rules book.

Yours very truly,
