Dear Mr. Crosnoe:

On Oct. 24, I am to give a talk at the physical education meeting in St. Paul at the St. Paul Hotel on the Goal-Hi.

I should appreciate any information that you would give me that will help sell the game to physical instructors in the state of Minnesota. I am aware of some of the possibilities of the game, but I would like to have you send me some additional information.

I would like to know some of the games that can be played; the aims and objectives of the Goal-Hi; the place that it may have in the physical education class room; the place it may have in the recreational interscholastic competition in basketball; and any other information that you may pass on.

Thanking you in advance for this information, I am

Sincerely,

Giffy O'Dell (sgd.)

Basketball Coach and Physical Education
